Please note that the information for several travellers must be uniform. For example, different conditions may arise for different nationalities. ÖVKG calculates the travel-check per form/type of the request. The travel-check is time-related and refers back to the date when the research was made. A change of regulations can be made by the states at any time. A claim to completeness is excluded, as regulations within a state may differ regionally or a different interpretation of the regulations may take place.
